## DESCRIPTION

A men's polo shirt made of pre-washed cotton, which is more resistant to colour bleeding, and especially eliminates shrinkage after washing. The polo shirt made of pique cotton features a collar with a design element also found on the sleeve hem. The button placket is reinforced with a decorative patch, the bottom piece is extended and has side slits. The modern cut of the sleeves emphasizes the shape of the shoulders. The fabric is treated with a silicone layer that softens the surface, adds shine and extends the life of the product. The polo shirt has only a small size label sewn into the neckline and a label with material and maintenance information. The monochrome ZERO LABEL design makes the polo shirt the ideal product for merchandise and creative designs.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

**ČSN EN ISO 13688:2013** – Protective clothing - General requirements  
PPE of simple design against the minimum risks that may be quickly and safety recognised by the user.

The self-certification was carried out on the basis of the technical documentation of the product and practical tests of ergonomics properties of the product by Ardon Safety s.r.o. on 20 January 2021.

The ZIDYN Collection meets health requirements and is **OEKO-TEX® Standard 100 certified, PG020 certificate 200752 OETI.**

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid the fire and sources of intense heat. No accessories or replacement pants are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
