VITAR Veterinae Salmon oil

VITAR Veterinae Salmon Oil is a natural source of essential fatty acids that significantly influences the entire body, especially the management and interplay of life processes, while also benefiting the cardiovascular, muscular, nervous, respiratory, immune and digestive systems.

Applying the oil for just a short period of time improves the condition of the skin and fur. Regular use reduces the risk of cardiovascular diseases, lowers the level of cholesterol in the blood and significantly improves the quality of the fur. Salmon Oil exerts a highly positive effect on the function of the immune system. It is recommended for pets that have experienced difficulties with reproduction.
