SIZE 46-64

DESCRIPTION

Stretch cotton shorts made of special material Amalytton[®], which ensures increased strength and durability of cotton fabric while maintaining comfort, elasticity and all the benefits of natural material such as breathability and pleasant feeling when wearing. Extra durable super elastic Tabiflex[®] material is used on the most stressed areas. The shorts have a highly ergonomic and functional fit. Elastic waist along with concealed back double loop for a strengthened placement of the belt. The shorts are equipped with a D ring, 2 deep tactile pockets, 1 front zipper pocket, 1 front tool pocket with a wide loop. On the right leg there is a multifunctional pocket for a folding ruler, a screwdriver and a cutter-off knife with wide loops, on the left leg there is a large double pocket covered with a snap fastener. The back part is divided by a saddle and 2 pockets, the right rear pocket is covered by a snap fastener. The bottom hem of the leg is reinforced with Oxford anti-abrasion material. Increased visibility of the user is ensured by reflective strips located on the front and back together with hi-vis accessories.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

ČSN IN ISO 13688:2013 – Protective clothing – General requirements

The 4Xstretch[®] collection meets the requirements for health safety and is a holder of **OEKO-TEX[®]Standard 100 certification, PG020 certificate number 128167 OETI.**

NUMBER OF PIECES IN CARTON	20 pcs
CARTON WEIGHT	14 kg
CARTON SIZE	0,0508 m ³
UNIT PACKAGING	1 piece

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
