

VITAMINS FOR CATS & DOGS

MULTIVITAMINS FOR BOOSTING IMMUNITY

Multivitamin Forte – jellies

Suitable for physically stressed or pregnant animals, as well as old cats and dogs, these jelly chews help improve the physical and mental states of pets, in addition to enhancing the quality and shine of their coats.

A multivitamin supplement in the form of a soft jelly sweet, it is sure to go down well with furry, four-legged friends. These gelatine-based fruit chews are ideal for long-term use.

Recommend doses:

Small and medium dogs of up to 20 kg and cats

½ a jelly chew/day or 1 every other day

Medium and large breeds of 20-40 kg

1 jelly chew/day

Large breeds of 40-60 kg

2 jelly chews/day.

Under special circumstances (e.g., during convalescence), it is possible to administer a double dose for a limited period (maximum 30 days).

Available in a plastic caddy containing 40 jellies.
