

LED SHELF LIGHT

JMI Series

Features

- Round appearance, can adjust the lighting angle
- 10.5 W/M, saving energy and reducing lamp temperature
- Milky white PC cover, even and soft light radiation
- Lamps can be connected in series, meet the lighting needs of long shelves
- Both ends has insulation treatment
- Suitable for shelves or cabinets on convenience store, supermarket and beauty shop, etc.

Parameters

Product model: JMI

Input voltage: 24V

Power: 10.5W/M

Efficacy: ≥ 85 lm/W

Color temperature:
3000~6500K

Ra: ≥ 80

Light source: SMD3014

Viewing angle: 129°

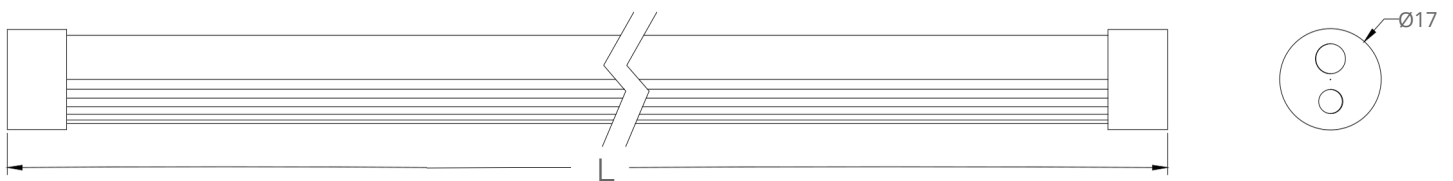

Wire specification: AWG22

Material: AL+PC cover

Operating temp: $-20 \sim +50^\circ\text{C}$

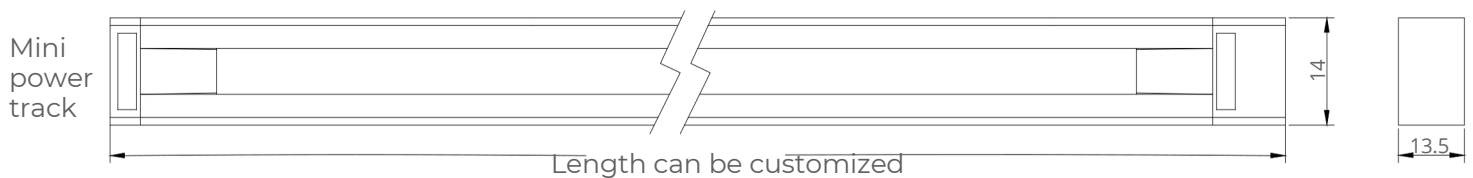

Service life: 50,000hrs
